

5 Reasons to Switch to Dundee

Made in the USA

Tired of delays and unexpected tariffs? Dundee manufactures right here in the United States, giving you shorter lead times, price stability, and direct access to a reliable supply.

Faster Shipping from 3 Warehouses

With strategically located warehouses in Michigan, Georgia, and Arizona, we ship faster and more affordably across the country—no matter where you are.

Engineering Support = Cost Savings

Our experienced engineers work with you to optimize part design and reduce costs—without compromising quality. We'll even review your existing prints to suggest smarter solutions.

Stable, Responsive Supply Chain

We're not a broker—we're your manufacturing partner. Our vertically integrated process gives you consistent lead times, responsive communication, and inventory flexibility.

Built for Distributors

Dundee knows what distributors need: competitively priced, easy-to-stock products with reliable availability. From BOCA plates to plumber's tape, we deliver on all fronts.
